

## Vermont Gas Systems

# Service Technician

### Description

Vermont Gas Systems is looking for an individual with a mechanical, electrical or plumbing background to join their Field Services **team as an entry to mid-level Service Technician. This position services, repairs and installs natural gas** equipment across Chittenden and Franklin counties. This includes repairing minor leaks, turn-ons, turn-offs, setting and changing meters, basic control wiring, installing and servicing all types of domestic gas appliances including conversion burners, central heating, and water heating equipment. Vermont Gas offers a great on-the-job progression training program!

### Requirements

The individual must possess a high school diploma.

Have an unrestricted driver's license.

Experience with Natural Gas is preferred along with Natural Gas Certification.

Friendly attitude and good customer skills

This position requires heavy lifting, is frequently exposed to weather conditions and includes working overtime and/or irregular hours.

If you want to work for a stable company that offers competitive wages, great benefits, and career development opportunities then please submit your cover letter, resume and VGS Union Job Application online at <http://www.vermontgas.com/about/employment.html> , or via mail to Vermont Gas Systems, Attn: Human Resources, P.O. Box 467, Burlington, VT 05402.

**Vermont Gas Systems is an Equal Opportunity Employer.**
