

Natural Gas Equipment Residential Rebate Application

Vermont Gas

Rebate Program Terms & Conditions

1. Rebate requests must be made within 60 days of the completed installation of equipment and must be installed at a valid Vermont Gas account address.
2. All Equipment must have an active listing with the American Heating and Refrigeration Institute (AHRI) or Energy Star to be considered for a rebate. Manufacturer's claims will not be considered.
3. **Customers must provide the Contractor's final invoice (along with this application) to Vermont Gas for payment.** Contractor's invoice must include: size, make, model and serial number of the installed equipment.
4. All required information must be provided to be eligible for a rebate. Incomplete applications, missing data, or ineligible equipment may result in the delay or disqualification of the rebate.
5. All Equipment must be installed to manufacturers instructions and operating according to all applicable federal, state and local codes and ordinances. Vermont Gas has not inspected or tested the installation and it has no responsibility for such compliance. Performance of installed equipment is not guaranteed expressly or implicitly.
6. Vermont Gas reserves the right to confirm all installations to verify the accuracy of the efficiency rating of the equipment installed.
7. Rebate amounts and conditions are subject to change without notice.
